Location of the Property, driving from Bridgeport:

Drive east from Bridgeport out Hwy 114.

Drive through Paradise

Drive through Boyd

Drive to Aurora.

The first landmark in Aurora is the Tator Junction café on the right side of Hwy 114 at the intersection of Hwy 718, which comes up from the south.

Continue to drive east on Hwy 114 to Derting Road. That is about .8 of a mile east from the Tator Junction.

However, due to the curve on the highway, Derting Road is a little hidden by the trees. The major landmark is the Aurora Baptist Church sign.

From Highway 114, drive north on Derting Road. It winds for a mile long. We are 6/10's of a mile along that road. Stop at 805 East Derting Road on the left side. The address and "D A Sharpe" are on a large black mail box at the driveway entrance

Turn left into the driveway (north), and our house is the brick one on the right (as opposed to the more distant one on the left.)
